REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

H.E. McCracken Middle School’s mantra is “Together We Will.” The students, faculty and staff of McCracken had a great school year in and out of the classroom. Thirty-eight students qualified as Junior Scholars based on PSAT scores. Nineteen students qualified for college engineering credit based on End of Course scores in Introduction to Engineering Design. In 2012-2013, thirty-one students received Advanced Placement Scores in Human Geography that qualified them for college credit. We increased enrollment in this course in the 2013-14 school year and anticipate even more receiving college credit qualification. Preliminary End of Course Test scores for 2013-14 were in at the time of this publication. Based on those, all three testable areas (Algebra I, English I and Biology) showed growth. Fourteen students “tested out” of English as a Second Language programming. We implemented an “Eight-Point-Five” program for select students who failed to meet promotion criteria for ninth grade. Seventy-three percent are being promoted to tenth grade.

Our students were successful in co-curricular activities as well. Football, boys’ basketball and track were all district champions. Our softball and baseball teams were runners-up. Our athletes in the Fall of 2013 held an overall GPA of 3.376, with 94% of our athletes meeting and exceeding the district’s 2.0 policy. Forty-nine of our athletes selected as Academic All-Stars by Beaufort County School District. The Science Olympiad placed fourth in the state. Seventy students were inducted in the new Junior National Honor Society. Four HEMMS band students were chosen attend the South Carolina Band Directors’ Association Spring Festival in 2014 and three were selected to all-region band, a feat uncommon for ninth grade students.

“Together We Will” look forward to even greater accomplishments in the 2014-2015 school year. We will be providing the opportunity for all eighth grade students to gain Carnegie Unit credit in computers for the first time. This will allow students to focus on specific four year programs of study beginning in ninth grade. We will have a student Service Learning class, where student leaders will guide our school’s anti-bullying campaign and community service projects. We will partner with Bluffton High School to expand the Eight-Point-Five program to ninth grade. We will begin the planning phase of our transition to an Arts-Infused and Project Lead the Way Engineering school for the 2015-2016 school year. We will participate in Making Middle Grades Work, a national initiative emphasizing the power of collective leadership for more effective student outcomes.

A lot is happening at H.E. McCracken Middle. We hope you will answer the call to be involved as we grow our Parent-Teacher Organization and School Improvement Council. Give us a call to learn how you can be more connected and ensure student success. “Together We Will” build a great future for our students.

By Todd Bornscheuer, HEMMS Principal and Loretta Kefford, HEMMS SIC Chair
